COMMUNITY

Employees of CSB and their communities have been busy this past quarter! The month of July was packed with parades, fairs, and city wide activities. CSB was well represented at the summer parades in Oxford Junction, Wyoming, Maquoketa, and Olin. A few employees and directors also provided watermelon during the cattle show at the Wyoming fair.

Through CSB's School Debit Card Promotion, over \$400 was raised for the Midland, Maquoketa, and Anamosa School Districts. You can still order a debit card at any of the branch locations!

Employees Landon Hunter, Connor Harms, and Joel Ahrendsen volunteered their services to the Jones County Cattlemen and Coon's Corner during RAGBRAI's stop in Oxford Junction.

Economic Forecast

The Federal Reserve is committed to using its full range of tools to support the U.S. economy in this challenging time, thereby promoting its maximum employment and price stability goals.

With progress on vaccinations and strong policy support, indicators of economic activity and employment have continued to strengthen. The sectors most adversely affected by the pandemic have improved in recent months, but the rise in COVID-19 cases has slowed their recovery. Inflation is elevated, largely reflecting transitory factors. Overall financial conditions remain accommodative, in part reflecting policy measures to support the economy and the flow of credit to U.S. households and businesses.

The path of the economy continues to depend on the course of the virus. Progress on vaccinations will likely continue to reduce the effects of the public health crisis on the economy, but risks to the economic outlook remain.
